**Figure 3.** DESTINI’s LinkedIn group page..... 8

## 1. Introduction

DESTINI's social networks accounts were created so as to offer a forum for disseminating information about the project, its objectives, progress and main results. The project's presence on Facebook, Twitter and LinkedIn is expected to promote the reachability of its outcomes and assist stakeholders and people that are simply interested in the project's objectives to establish a dynamic and ongoing communication link with its partners.

The rest of the document describes briefly the main screens of the Facebook, Twitter and LinkedIn accounts.

## 2. Facebook

The Facebook account (see Figure 1) may be accessed using the link <https://www.facebook.com/destini2020eu/> or by just searching for DESTINI2020eu using the Facebook search box. The Facebook page presents the latest posts from all partners of the project, as well as any updates on the website's content, photos, interesting articles etc.

Figure 1. DESTINI's Facebook home page.

### 3. Twitter

The Twitter account (see Figure 2) may be accessed using the link <https://twitter.com/destini2020eu> or by just searching for DESTINI2020eu at the Twitter search box. The Twitter page shows the latest tweets from all partners or followers of the project.

## 4. LinkedIn

The LinkedIn group (see Figure 3) will be mostly used for sharing project outcomes with partners and stakeholders. Furthermore, various discussions will take place on issues and real-world cases that will be tackled by the project partners. The group may be accessed using the link <https://www.linkedin.com/groups/13780883/>.

The screenshot shows the LinkedIn group page for DESTINI. The top navigation bar includes the LinkedIn logo, a search bar, and icons for Home, My Network, Jobs, Messaging, Notifications (with a 25 notification badge), and Me. The group header features a banner image with the text 'DESTINI' and various related terms like 'Big Data', 'IoT', 'Data Analytics', and 'Smart Manufacturing'. Below the banner, the group name 'DESTINI - Smart Data ProcESSing and SysTems of Deep INslght' is displayed, along with the owner's name 'andreas christoforou' and the group type 'Standard group'. A central prompt encourages users to 'Create the first post' with the text 'Get the conversation going. Be the first to post in this group!'. The left sidebar lists recent groups and followed hashtags. The right sidebar shows group details, including the number of members (3), an 'Invite members' button, and a 'Promoted' section with three featured posts: 'DevOps starts with CI.', 'Decommissioning programme', and 'Superior Ceramic Results'.
